

S&P/BMV IPC Index Effective Dates for Postponed March 2020 Rebalancing

MEXICO CITY, MARCH 31, 2020: S&P Dow Jones Indices (“S&P DJI”) has conducted a consultation with market participants on the proposed new effective dates for the postponed March 2020 index rebalancings.¹

As previously announced, the rebalancings for most S&P and Dow Jones equity indices that were scheduled to take effect prior to the market open on Monday, March 23, 2020 and Wednesday, April 1, 2020 were postponed.² S&P DJI made this decision following thorough consideration of how best to govern our indices and support our clients and the users of our indices during this period of extreme global market volatility, market wide circuit breaker events, and exchange closures or disruptions.

With respect to the S&P/BMV IPC Index, S&P DJI has decided to implement the postponed index rebalancing effective prior to the market open on **Monday, April 27, 2020**. The rebalancing reference date will remain unchanged as the last business day of January. Pro-forma files and the final announcement of the rebalancing results will be sent after the market close on **Wednesday, April 8, 2020**.

ABOUT S&P DOW JONES INDICES

S&P Dow Jones Indices is the largest global resource for essential index-based concepts, data and research, and home to iconic financial market indicators, such as the S&P 500® and the Dow Jones Industrial Average®. More assets are invested in products based on our indices than products based on indices from any other provider in the world. Since Charles Dow invented the first index in 1884, S&P DJI has been innovating and developing indices across the spectrum of asset classes helping to define the way investors measure and trade the markets.

S&P Dow Jones Indices is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies and governments to make decisions with confidence. For more information, visit www.spdji.com.
