Introduction

In April 2021, Fondo Especial para Financiamientos Agropecuarios (“FEFA”) issued its second social bond to finance projects in agricultural, forestry, fisheries and rural areas that enable the exclusive participation of women (as individuals) or are led by them.¹ In August 2022, Fideicomisos Instituidos en Relación con la Agricultura (“FIRA”) engaged Sustainalytics to review the projects funded through the issued social bond and provide an assessment as to whether the projects met the Use of Proceeds criteria and the Reporting commitments outlined in the FEFA Social Bond with a Gender Focus Framework (the “Framework”).² Sustainalytics provided a Second-Party Opinion on the Framework in September 2020.³

Evaluation Criteria

Sustainalytics evaluated the projects funded with proceeds from the 2021 social bond based on whether the projects:

1. Met the Use of Proceeds and Eligibility Criteria outlined in the Framework; and
2. Reported on at least one of the Key Performance Indicators (KPIs) for each Use of Proceeds criteria outlined in the Framework.

Table 1 lists the Use of Proceeds, Eligibility Criteria, and associated KPIs while Table 2 lists the associated KPIs.

Issuing Entity's Responsibility

FEFA is responsible for providing accurate information and documentation relating to the details of the projects that have been funded, including description of projects, amounts allocated and project impact.

Independence and Quality Control

Sustainalytics, a leading provider of ESG and corporate governance research and ratings to investors, conducted the verification of FEFA's social bond use of proceeds. The work undertaken as part of this engagement included collection of documentation from FEFA employees and review of documentation to assess conformance with the Framework.

Sustainalytics has relied on the information and the facts presented by FEFA with respect to the projects. Sustainalytics is not responsible, nor shall it be held liable if any of the opinions, findings or conclusions herein are not correct due to incorrect or incomplete data provided by FEFA.

Sustainalytics made all efforts to ensure the highest quality and rigor during its assessment process and enlisted its Sustainability Bonds Review Committee to provide oversight over the assessment of the review.

Conclusion

Based on the limited assurance procedures conducted,⁷ nothing has come to Sustainalytics' attention that causes us to believe that, in all material respects, the reviewed projects are not in conformance with the Use of Proceeds and Reporting Criteria outlined in the Framework. FEFA has disclosed to Sustainalytics that 41.1% of the social bond proceeds were allocated as of 30 April 2022.⁸

Detailed Findings
